Hope Beyond Consequences

Bible in a Year: **Job 32-33; Acts 14**

While we were still sinners, Christ died for us.

Romans 5:8

Today's Scripture & Insight

Have you ever done something in anger you later regretted? When my son was wrestling with drug addiction, I said some harsh things in reaction to his choices. My anger only discouraged him more. But eventually he encountered believers who spoke life and hope to him, and in time he was set free.

Even someone as exemplary in faith as Moses did something he later regretted. When the people of Israel were in the desert and water was scarce, they complained bitterly. So God gave Moses and Aaron specific instructions: "Speak to that rock before their eyes and it will pour out its water" ([Numbers 20:8](#)). But Moses reacted in anger, giving himself and Aaron credit for the miracle instead of God: "Listen, you rebels, must we bring you water out of this rock?" (v. 10). Then he disobeyed God directly and "raised his arm and struck the rock twice with his staff" (v. 11).

Even though water flowed, there were tragic consequences. Neither Moses nor Aaron was allowed to enter the land God promised His people. But He was still merciful, allowing Moses to see it from afar (27:12-13).

As with Moses, God still mercifully meets us in the desert of our disobedience to Him. Through Jesus' death and resurrection, He kindly offers us forgiveness and hope. No matter where we've been or what we've done, if we turn to Him, He'll lead us into life.

REFLECT & PRAY

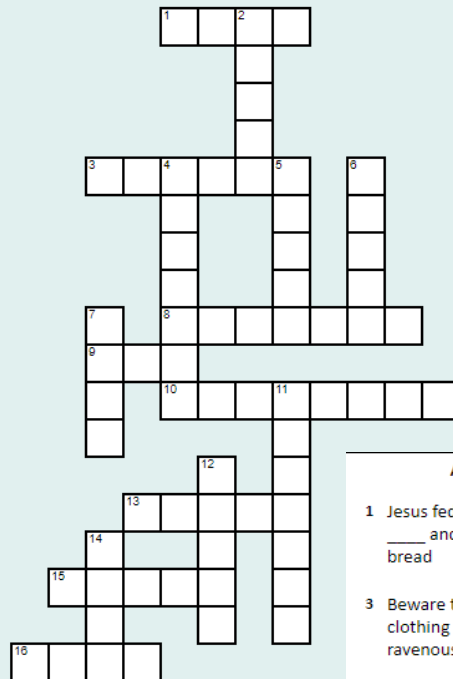

What undeserved kindnesses has God shown you? How can you share His kindness with someone today?

Thank You, loving Father, that despite difficult consequences, You give me eternal hope.

Principal's Report

Dear Parents/Caregivers,

NAPLAN

The NAPLAN student reports have now been sent home for children in years 3 and 5. Parents of these children, please read the accompanying brochure which will give you an understanding of how to interpret your child's report.

There were a number of children who achieved outstanding results and were placed in the top 5% when compared to all students throughout Australia. Furthermore, these particular students had spent the majority, or all of their schooling at CCS. This is not only a testament to their terrific attitude to learning and their hard work but also to the parents and teachers who have facilitated their learning.

Obviously not all children can receive top marks - as we all have different skills and talents and are maturing at different rates. However, the year 5 marks are able to show children's progress between their Year 3 results and their Year 5 results. Again, although some children's overall marks were not as high, testing showed that they had all made excellent growth between the two assessments.

I must point out that this report is just a 'one snapshot on one day' type assessment. A student's performance may be affected by sickness, or simply whatever has happened that morning before school - and even their work attitude on the day. If you have questions or concerns, please make an appointment to speak to your teacher.

National Tree Day

Friday 28th July is National Tree Day for schools this year. Please let the office know if you would like to plant a tree with your child at the school. Currently, we have 3 small Kurrajong trees which have been donated and these are available to be planted. I will also purchase some more trees which can be bought and planted on the day for those wishing to take part.

MEET OUR NEW KINDY TEACHER

MRS STRANG

Hi, my name is Sally Strang and I'm the new Kindy and Pre-Kindy Teacher. I have worked for the past 6 years in both childcare and school settings teaching 3 to 5 year old children. I have a husband and two daughters (18 & 21 years) in Perth. I'm looking forward to getting to know the children and families here as well as exploring the beautiful Gascoyne area.

MEET OUR NEW CCS TEACHER

MRS ANDREOLI

Susan Andreoli is a registered teacher with over a decade of teaching experience. She has gained valuable skills and knowledge working in mainstream, special settings, and with students at educational risk. She is proficient in planning, teaching and assessing across multiple curriculum areas (K to 12) and has considerable skills and knowledge supporting students in social and emotional programs (SEL) and career pathways.

Susan is excited to be working at CCS and is looking forward to building positive relationships with students, families/caregivers, school staff, and the wider community.

Out and about the Class Rooms

Students of PP—Y2/3 enjoyed an excursion to Gwoonwardu Mia, Aboriginal Culture Centre, where they met WA Museum Scientists and Toni Roe that gave them an insight into the Burrowing Bees (Mungurragurra) that are unique to the Gascoyne region.

Thanks to the crew at Gwoonwardu Mia, Aboriginal Centre for our visit
